

2.33 (b)(3)  
(continued)

Notice that an NHP was still inside the dirty quad cage when it was taken to the cage wash room.

Notice that an NHP was still in the dirty quad cage when it was put inside the mechanical cage washer.)

3.84 (a)

- Clean primary enclosures - when steam or water is used to clean the primary enclosure, whether by hosing, flushing, or other methods, nonhuman primates must be removed, unless the enclosure is large enough to ensure the animals will not be harmed, wetted, or distressed in the process.

(Following the completion of the sanitization cycle in the mechanical cage washer, the quad cage unit was removed from the cage washer and personnel discovered the body of an NHP on the floor of the quad cage unit.)

Titles 7 & 9 Code of Federal Regulations were promulgated to help prevent the spread of animal and plant pests and diseases and assure the humane treatment of animals. Since violations of the regulations can have serious and costly impact detrimental to the public interest, you are warned of this violation. Any further violation of these regulations may result in the assessment of a civil penalty or criminal prosecution. If you have any questions concerning this warning or violation, please contact the listed APHIS Official.
